

IRISH CANNOT AND WILL NOT ACCEPT BRITISH OFFER

"President" De Valera
Makes This Statement
Before Dail Eireanns
Today.

CITES AN OLD INDIAN PROVERB

Claims Irish People Are
Not Going To Be Fool-
ed By British Govern-
ment This Time.

Dublin, Ireland, Aug. 17.—"We cannot and will not accept the British government terms," De Valera told the Dail Eireann today.

Addressing the Sean Eireann parliament the Republican president declared "There seems to be some doubt in the press today, after my speech of yesterday, as to whether we accept or reject the terms offered us by Lloyd George."

"There should be no doubt in anyone's mind. We cannot and will not on behalf of this nation, accept those terms. There is an Indian proverb which says 'Fool me once shame on you. Fool me twice shame on me.' The Irish people are not going to be fooled this time."

Premier's Speech Deferred.

London, Aug. 17.—After a lengthy discussion of the Irish situation, the British cabinet today decided that statement which Lloyd George was to have made before the House of Commons this afternoon should be deferred.

KING PETER, OF SERBIA, DEAD

Belgrade, Jugo-Slavia, Aug. 17.—Peter I, ex-king of Serbia, died yesterday. He was born in 1845.

King Peter, who for a long time has been ill, was reported early in June to be in a serious condition. He was then suffering from pleurisy. A short time afterward he was said to be steadily improving in health, and his physicians declared him out of danger.

Nothing was heard of the aged monarch until a few days ago, when a dispatch from Belgrade said he was seriously ill with congestion of the lungs. He sank into unconsciousness Friday, remaining in that condition until the following day. His condition became worse Sunday night, and he gradually failed until the end.

GAS BLAST KILLS TWO-PIPELINE BURSTS SUDDENLY

Pittsburg, Aug. 17.—Two men were killed instantly and two others were seriously injured at 3:30 o'clock yesterday afternoon when pressure of gas which was being turned from a well on the Andrews farm in Roberts Hollow, near Elizabeth, into an eight-inch pipe line of the People's Gas Company, burst the pipe. One man was sitting astride the pipe when it burst and was hurled high into the air, landing on a hillside 50 feet from the explosion.

The dead are: Tony Lavelle, 37 years old, of Glassport; Arthur J. Thompson, 35 years old, of 2315 Fifth avenue, McKeesport.

New York Detectives Now Search For "Good Killers"

Existence Of Band Uncovered
When Barber Makes Con-
fession. 16 Murders In 15
Years. Big Factor In Italian
Underworld.

New York, N. Y., Aug. 17.—New York detectives today took up the search in a dozen cities for members of the "Good Killers" band.

The hunt started after Bartola Fontana, a barber admitted committing a murder and implicated a band of six alleged hired assassians in 16 killings. Seven victims fell in New York and nine in Detroit according to Fontana's statement. All

of the alleged professional slayers he named and their victims were said to be Italians.

Unfolding the plots and machinations of the gang, which he said earned the name of "Good Killers", Fontana said its career began with a murder in Brooklyn 15 years ago. From that slaying sprang a line of stabbing and poisonings which made the gang all powerful in the Italian underworld and brought it hundreds of thousands of dollars. Wealthy Italians, with enemies they wished put out of the way, had given the gang valuable commissions, Fontana said.

WOMEN WILL TAKE PART IN DISARM CONVENTION

President Harding
Gives Assurance Wo-
men Will Be Represented
At Washington

Washington, D. C., Aug. 17.—President Harding today gave assurance that women will have a part in the coming Disarmament Conference. Whether a woman will sit as a delegate or as a member of an advisory body, which President Harding contemplates appointing, is still to be decided on, apparently.

GOV. SPROUL NAMES STATE COMMITTEE

Will Journey Overseas To Se-
lect Site For Memorial
Markers Commemorating He-
roic Deeds Of State's Sol-
diers.

Harrisburg, Pa., Aug. 17.—Governor William E. Sproul today named a committee to investigate the battle fields of France and Belgium to select sites for future markers to commemorate world war heroic deeds of Pennsylvania soldiers. The 1921 legislature appropriated \$25,000 for the expenses of this commission.

Railroad Bill Is Favorably Reported By Senate Committee

Washington, D. C., Aug. 17.—The Administration Bill extending financial relief to railroads was ordered favorably reported to the senate today by the Interstate Commerce Committee.

Negro Killed In Gun Duel With Officer

Connellsville, Aug. 17.—One man was killed and another seriously wounded in a revolver duel here between railroad detectives and five negroes aboard a B & O. freight train early today. Hal Jones, Duquesne, a negro, was killed and William Freeland, the detective is in the local hospital. The negroes were arrested.

SEVEN MEMBERS OF "STEEL THEFT" RING PINCHED

Lived Up To Name—
Robbed Companies
And Then Sold In
Competition.

Detroit, Mich., Aug. 17.—Seven alleged members of a "steel theft ring" operating in Michigan and possibly other states, whose loot is said to have amounted to hundreds of thousands of dollars, were arrested here today. It is charged the men stole metal from Detroit and Cleveland firms and sold it in competition with the companies whom they had robbed.

Those arrested are Hyman Kramer, official of the Wayne Steel Sales Co.; his brothers, Reuben and Samuel; William Newton, Burroughs yard superintendent of the Union Drawn Steel Co.; Albert Langer, railway yard employee; Earl Miller and Ben Cohen, brass metal dealers.

FRANKLIN LAD HELD FOR COURT

Franklin, Pa., Aug. 17.—Vincent Lash, aged 14, was held to the juvenile court here today under \$500 bail. He was charged with burglary, larceny and pointing firearms. Young Lash accidentally shot and killed a playmate William McGee, of Erie. It is alleged the gun was stolen. McGee's father is prosecutor.

CLEARFIELD FIRE CO. NO. 1 TO STAGE BIG HOME TALENT PRODUCTION SEPT. 20-21

At a special meeting of Fire Co. No. 1 last evening arrangements were completed with the Chas. A. Woodin Producing Co., of N. Y. to produce a big Minstrel and Musical Comedy at the Driggs Theatre, Sept. 20-21.

Mr. Woodin needs no introduction to the people of this vicinity, having produced "The Toastmaster" here in 1916.

Rehearsals will start Sept. 6th. The best talent in Clearfield will take part. Under the auspices of Clearfield Fire Co., No. 1.

House With Straw Walls.

A house with walls made of compressed straw has been erected in Paris. The framework of the building is of wood and the sides are filled with blocks of tightly compressed straw, which are started to be as hard as concrete and just as inflammable. Owing to the lightness of the materials only small foundations are needed, and a house of this kind can be built in a month. The idea of using straw in this way is attributed to a French textile engineer.

MILLION DOLLAR FIRE RAGES AT BROOKLYN TODAY

Blaze Starts In Crowd-
ed Tenement District
And Spreads Rapidly
To Factories.

POLICE CLEAR NEIGHBORHOOD

Nine Buildings Are De-
stroyed. 3,000 Out Of
Work. No Lives Are
Known To Be Lost.

New York, Aug. 17.—A million dollar fire raged today in Brooklyn. The conflagration started in a wood burning factory, spread rapidly to three adjoining structures, licked up a wooden factory building on Diamond street and ended up by finally demolishing the whole block between Green Point avenue and Newell street. Nine buildings in all were destroyed. No loss of life was reported.

The neighborhood was black with smoke for over a mile from the blaze. Police ordered 500 persons to leave their homes in the thickly crowded tenement district. After three hours fighting firemen brought the flames under control.

Three thousand persons are out of employment as a result of the fire.

ODD FELLOWS WILL STAGE BIG PICNIC HERE TOMORROW

Couple Of Thousand Visitors
Expected To Take Part In
The Day's Festivities At The
Driving Park.

The Odd Fellows picnic at the driving park tomorrow afternoon will attract a couple of thousand people to Clearfield, as representatives of this worthy organization will be present from every lodge in the county.

A real old fashioned get together basket picnic will be staged at the park and the day given over to the enjoyment by the Odd Fellows and their families.

A speaking program will be a feature of the afternoon, following the business session of the organization, while good music and an entertaining general program will also be provided.

A base ball game will be staged between the single and the married members of Clearfield Lodge. E. Clair Davis will captain the Benedicts, while Ward Latschaw will direct the old bachelors.

A program of other sports has been arranged and are in charge of P. G. C. E. Cook. There will be a fat man's race for the men while the women will compete in a potato race ball toss and nail driving contest. A box of candy will be presented to the lady winning in each contest.

DOUBLE DROWNING VICTIMS ARE LAID TO REST

Yesterday morning at Mahaffey, the remains of the two young victims of drowning, Victor and Samuel Algrighetti, were laid to rest, funerals being held in the United Brethren church at Banner Ridge built in a month. The idea of using and interment will be made in Banner Ridge Cemetery.

ACTION OF ERIE RAILROAD IN SELLING MARION SHOPS IS ATTACKED IN SENATE

Unionists Object

Passenger fares and freight rates will have to be increased throughout the United States if the railroads are permitted to follow the lead of the Erie railroad and sell their repair shops to private interests, Secretary Davidson of the International Machinists Association said here today. Repairs of locomotives and cars in private shops is three times as expensive as when done by the roads themselves. 600,000 organized shop

Vanguard of Firemen Host Passes Thru Here Today

Big Firemen's Convention At
Phillipsburg Gets Under Way
Today. Local Delegation
Will Attend Tomorrow With
Band.

The vanguard of the volunteer firemen hosts scheduled to foregather at Phillipsburg this afternoon and tomorrow passed through Clearfield this morning from DuBois, Curwensville, Punxsutawney and Johnsonburg.

The business meeting of the convention was held this afternoon and a banquet to the delegates will be given at the Hotel Phillips this evening.

300 RED MEN LEAVE TODAY FOR CURWENSVILLE

Chinleclamoose Tribe of Red Men
more than three hundred strong, accompanied by the American Legion Band and several hundred friends, went to Curwensville this morning on the special train over the Pennsylvania road for the purpose of attending the Red Men's District Reunion.

It was a red letter day in the history of our upriver neighbor and every visitor enjoyed himself or herself to the limit.

Curwensville Red Men and townspeople generally have long been noted for their generous hospitality and did themselves proud once more on this occasion.

The Pee Wee's Nest, Curwensville's delightful resting place and picnic grounds along the river, was thronged all day and a pleasing program of events took up the attention of the large number of visitors present.

Lieutenant Governor Beidleman and State and National officers of the I. O. R. M., addressed the assemblage, while athletic stunts, a big parade and band contest were also features of the occasion.

THREE HURT IN AIRPLANE CRASH

Uniontown, Pa., Aug. 17.—Three persons were injured late Tuesday afternoon when an airplane crashed into the Uniontown speedway track. The pilot, John Blanchard of Pittsburg, and Charles Helsey and his son, aged 12, both of the Michigan farmers auto touring party, were severely shocked, but escaped serious hurts. The airplane was completely demolished.

DENLINGER AUTO IS RECOVERED AT BLAIRSVILLE

State Police Find Miss-
ing Car In Garage
Where Thieves Leave
It.

The Denlinger car, stolen in DuBois Sunday morning, has been found with two of its tires and its battery missing. The car was left in a garage in Blairsville sometime between Sunday and today and was found by the State Police located at Greensburg. The police have a pretty good idea who the men are that took the car and an arrest will probably follow in a day or so. It is hoped that with the arrest of these men the auto stealing in this part of the state will be brought to an end.

VERBAL WAR ON COAL WAGE DEAL GOES MERRILY ON

Latest From The Oper-
ators Is A Hot Shot At
Mine Worker Officials
Here.

CLAIM GROSS EXAGGERATION

Say Charges Of Juggl-
ing Figures Raised By
Operators Are Un-
founded.

Altoona, Penna., August 17.—Charging misrepresentation of the facts by reckless exaggeration on the part of the officials of district No. 2 of the United Mine Workers, the Pennsylvania Coal Producers' association, through its officials, yesterday issued a statement in reply to that of John Brophy, president of district No. 2, published a few days ago.

Miners Miss Point

"The statement issued by the United Mine Workers misses the point of the argument entirely," the operators' statement says. "We are not blind to the fact that there is a nationwide depression and that the central Pennsylvania operators will have to share in the depression. We never said that the facts were different, but what has been pointed out is that based on the ar loadings at the same group of mines from December, 1920, to July 1921, the non-union mines have loaded a larger percentage of production during this period than they maintained during the period when everybody had business and were loading capacity.

Of the coal loaded in July, 1921, based upon actual car loadings, the non-union mines produced 621,300 tons that should have been loaded by the union mines.

This is the effect of the unfavorable competitive position occupied by the union mines and operators as compared with the non-union operators and mining fields.

"The United Mine Workers' statement on percentages contained in the United States geological survey report is the percentage of time worked based upon the potential productive capacity of the mines and is not tonnage produced. As is usual in cases of this kind, the less the writer of the United Mine Workers' statement knows about the fact, the more dogmatic he becomes.

Only Ask Joint Conference

"The operators of the Central Coal association did not try to 'force' a reduction in wages, as is charged in Mr. Brophy's statement, but asked only or a joint conference to consider the advisability of mutually agreeing upon such a reduction.

"The misrepresentation of the facts in reckless exaggeration of statement by the spokesmen for the United Mine Workers does not alter the facts.

The lower volatile coals of central Pennsylvania are now practically out of the market except in a few cases where it is being used for railroad fuel, while the higher grades of low volatile coal are now feeling the full effect of the competitive advantage enjoyed by Westmoreland coals of Somerset county, where wages were reduced on Aug. 1.

"The higher volatile coal fields of the district are suffering from loss of business even more actually than the low volatile fields.

"The United Mine Workers may believe they have good reason why they should not grant a joint conference to consider the relation of wages but they should not accuse the operators of juggling figures until they know something about the figures. There can be no juggling with figures which are based upon actual performance over a period of eight months by the same group of mines."

It was stated that the August record to date shows no improvement whatever as compared with July in the union fields of the district.

ODDS AND ENDS AND THINGS

"By Skinny"

There is no accounting for people's tastes. A couple of Coney Island robbers seized the night watchman in a building they were about to rob, wrapped his eyes with adhesive tape and then pulled his mustache out a few hairs at a time, punishing the poor devil so that he gave up the keys to the "strong box," after which the cruel and old-style robbers decamped with \$2,100.

United States representatives at Berlin reports few went out of work "because of increased activity in automobile, textile, iron machine branches of industry." That should interest workers and owners in those industries here.

Henry Ford, the automobile manufacturer, without having shown any particular genius for railroad operation, take a fair-sized rail line in the Middle West with a deficit and within a few months turns the deficit into a profit of \$500,000.

That's a fair job to start with, but he has cut two hours from the running schedule between Detroit and Bainbridge, Ohio, a distance of 280 miles, and by speeding up has reduced from twenty-two to fourteen days his deliveries. Under old management the company handled 200 railroad cars in twenty-four hours. Under the new, the number is 1200. Wages of his employees are higher than the union scale and only recently he asked the Interstate Commerce Commission's consent to reduce freight rates twenty per cent.

The power once wielded by the pulpit has passed into the hands of the editor of the daily newspaper, Rev. R. Keene Ryan, pastor of the Garfield Boulevard Presbyterian church of Chicago said in his last Sunday sermons. "Get thee behind me, Satan."

Rockwell Sayre, of Chicago, who started out in the '90's to make the U. S. A. a catless nation, says he will have accomplished his object by 1925 and there will not be a single pussy cat left from Maine to California by that time.

Ten cents each for the first 100 cats killed. Five dollars as grand prize for the person killing the largest number of cats. One hundred dollars to the person who kills the last cat on earth. These bounties will be paid by Mr. Sayre every Christmas until 1925, "after which there will be no more cats on the globe."

Mr. Sayre says his anti-cat crusade has become "the most popular movement ever started and the jolliest; everybody smiles and kills cats, and kills cats" and smiles. Smiles come come first and last and cats pass out between."

A gay philander has but slim chance in Judge Edward Fleming's court out in Kansas City. An irate husband was brought before the Judge charged with beating up a fellow he found hobnobbing with his wife. When asked what he did the culprit said:—

"Yes, I beat him up because he was with my wife, Vauvette. It was the second time I whipped him in a week." "You will not be fined in this court for beating him," the judge said.

"Beat him up every time you see him talking to your wife, and stay in my district. I won't fine you."

A Real Old Timer

The Clearfield Fire Department will undoubtedly be represented at the Philadelphia convention tomorrow by the oldest fireman in point of actual service to be found there. This old timer, who is still active in the service of Clearfield Fire Company No. 1 is "General" W. Banks Holmes, who was a charter member of that company when it was organized forty years ago this month. He was the first Steward of the company and has retained that position continuously ever since. Clearfield does not possess a more loyal volunteer fireman than W. Banks Holmes, who is always on the job. Ten years ago he was voted a "veteran's badge" and given a celebration by his company and he will sport his decoration in the big parade Thursday.

Banks started in as a volunteer fireman with muddy roads and hand drawn apparatus. He has seen the paved streets and motorized department and expects before "answering the last roll call" to accompany the boys to the outlying districts through the air in the latest fire fighting plane.

When American girls adopted bobbed hair they struck with terrific force at the foreign human hair trust. Humane hair sold in America for years has been a prolific source of revenue for Chinese and other exporters.

Human hair imitations have dropped from 222,000 pounds to 7,000 pounds a month. Only \$14,000 worth entered American ports in June, as compared with \$196,000 worth the same month last year.

Perk Up.

By CATHERINE WEST
When you're just about in tears;
When you think you've stripped your gears,
And your down-and-out day nears,
Just forget it.

What if things look pretty tough?
Sure, the world will treat you rough;
It will down you with a bluff—
If you let it.

If your plans seem wholly blocked,
If you think your boat's been rocked,
And with Gloom you're overstocked,
Lift your chin.

Shut old Gloom outside the door,
Do your job and look for more,
Knock out Worry at the core
With a grin.

Harry Kittleberger has torn up the brick sidewalk in front of his North State street property and will replace the same with a substantial concrete walk.

Miss Wava McNaul, eldest daughter of Mr. and Mrs. Ai McNaul, left on Tuesday for Philadelphia where she has accepted a position of trust and importance in one of the Philadelphia hospitals.

The Edwards Motor Transit Co. is comfortably installed in the corner building, formerly occupied by the brino barber shop, using the room as a waiting room and also for the sale of auto supplies.

Mr. J. D. Haines and family, who left last week for a week's automobile vacation trip, returned to their Curwensville home on Saturday night. Their itinerary took the party to New York City, Philadelphia, Willow Grove, Harrisburg and other places which proved of much interest to the younger members of the party.

The camp meeting services now being held at Mahaffey are very interesting and largely attended. A number of Curwensville citizens were present last Sunday.

A party of four, all members of the order of Knights of Pythias, left Curwensville on Monday for Oil City, where they will represent their lodges at the Grand Lodge meeting now being in session in that city. The party was composed of the following: Messrs Phil Deering, No. 486, Curwensville; D. W. Young, 383 Glen Richey; E. V. Brown, No. 305 Clearfield and Frank Crago, 450 Houtzdale.

Grand Chancellor J. Jones of the Order of Knights of Pythias, a resident of Plymouth, Pa., accompanied by a large party of friends, stopped over in Curwensville a few hours on Monday. The party were on their way to Oil City, where Mr. Jones will preside over the meetings of the Grand Lodge now being held in that city.

Orvis Heitzenrather, one of the stockholders in the Mount Union fire clay plant, and acting general manager of the same, dropped into Curwensville Saturday evening and spent several days renewing "old" acquaintances. He commenced brick yarding at the lower rung of the ladder and by close attention in learning all of the intricacies of the business, is not far from the top rung now.

Mr. George Straitor and two children, of Blue Ball, motored into town on Sunday evening and spent several hours at the home of Mrs. Sarah Ammerman on South street. He was accompanied by his brother, Lynn Straitor, one of the successful dairymen residing near Elmira, N. Y. The young man at one time having been employed at the Penn's Hide and Leather company's plant in this place.

Mr. George Evans, of Bloomington avenue, is substituting as one of the town mail carriers, vice Jerry McNaul, the regular man, who is off duty taking his yearly monthly vacation.

A subscription paper has been set afloat throughout the town and vicinity asking for funds which will be used for putting a high grade base

The Truck Repair Shop Opens Tomorrow

Here's a new departure in automobile repair shops—one in which a truck will get the preference over the touring car.

There is an expert truck repairman in charge—a man who has had a wide experience in truck work, both in factories and local garages. The equipment is complete and everything is set for quick service for the truck owner whose income depends on keeping his truck on the road every working hour.

ball team in the field. Base ball fans have at last awakened to the fact that Curwensville needs more athletic sports and amusements during the fall months and decides that base ball would be about as near filling the bill as anything else, hence the circulating of the paper by which sufficient funds can be gathered to meet the expenses. With some half dozen of imported artists together with good amateur players that live here, it is figured that a fast team can be gotten together to finish out the few months of the season yet left. Considerable interest seems to be manifest in the movement and at present it looks very much as though the enterprise will be successful.

Miss Fannie Wolf, who has been spending some time at her home in this place, spending her vacation days, returned to her employment in Philadelphia on Monday.

The people who will operate the Roaring Run Stone quarries from now until the cold weather puts a stopper on cutting and quarrying stone, made a start on Tuesday morning and are engaged in putting up derricks and placing other machinery necessary to facilitate the work rapidly. William Daub, an expert man with quarry machinery, is in charge of that particular line of work.

Mr. and Mrs. Howard Hopwood, of Uniontown, Pa., are Curwensville visitors at present, stopping with Howard Hopwood, a son, and also a daughter, Mrs. M. J. McKinley.

Two small auto wrecks on State street on Monday forenoon were the cause of some excitement. Some damage was done in both cases, but not enough to house any of the machines for repairs.

The latest news from Scott Ammerman and bride, who left Curwensville several weeks ago on a

bridal tour, is to the effect that they have decided to locate in Florida for the winter. At present they are in Buchanan, W. Va., visiting with the Frankhauser girls.

Chief Geo. L. Benner desires to state that the Rescue Hose and Ladder company will attend the reunion at Philipsburg on Thursday in full number and uniform. Also that the American Legion band will be taken along and furnish music.

Mr. Irvin Leech, wife and daughter, of Warren, Pa., came into Curwensville on Monday evening and are guests of Mrs. Lucy Kelly and other relatives. The family was accompanied by Roy Perry, a son-in-law.

Mr. and Mrs. Howard Bloom, residents of Pittsburgh, spent a little more than a week with Mr. and Mrs. Scott McFadden, on Grampian road. They started on their homeward trip on Monday.

Mrs. J. L. Curtin and children, who spent a month with relatives in

Centre county, returned to their home in this place Monday evening, having had a very pleasant visit. Thomas Costello and Miss Lulu Rossy, both of DuBois, were quietly united in the bonds of wedlock by Squire J. A. Dale, at his home on River street, on Monday evening; after the ceremony taking the night train for their mountain home.

THE TAX REDUCTION

Chairman Fordney, of the House Ways and Means Committee, is responsible for the announcement that tax reductions amounting to \$7 per person per year will be effected under the revenue bill now up for consideration. Seven dollars a year does not sound like big money when it speaks all alone, but when the aggregate amount thus saved the country over is taken into consideration it fairly shouts.

Any reduction, no matter how small, would have been a welcome step, for taxes have been mounting steadily upward in the past few years. The turning of the tide into the other channel is a most welcome accomplishment. The committee considering the measure did a most wise thing when they stuck to a policy of "reducing rather than shifting the tax burden."

The announcement that Premier Briand, of France, will himself attend the Washington Disarmament and Pacific conference next November, seems to stir up the belief in this country that Prime Minister Lloyd George of Great Britain will also in all likelihood, attend. As these two gentlemen have had various and sundry controversies over their country's policy in certain matters, it might be edifying to the Great American Public to get an insight into their peculiar methods of diplomacy through the close up view of American journalists of their activities.

"Big Bill" Haywood, it now seems, has graduated into the ranks of money men, if all accounts of the "legacy" left him by his deserted wife are true. It might be in line now to wonder whether Big Bill's sudden ascendancy to the dollar mark throne will bring him back to this country to face his 20 year engagement at Leavenworth. It is a much mooted question whether he would rather be a penniless hero in Russia or a moneyed jailbird in the United States. At that, we believe the latter the most desirable from Bill's standpoint. He'd get three squares a day.

Policemen in Pittsburg are sure having coals heaped on their heads these days. Just after Secretary of Labor Davis had come out with his plea for better treatment of the policeman, along comes Supt. of Police Carroll, of the Pittsburg force, and forbids uniformed policemen from riding to work in their own automobiles.

One result of high freight rates in the West is to induce the shipment of live stock to market by truck. Recently 20 per cent of a day's hog shipments to Omaha came by truck, and 30 per cent of sheep to St. Joseph markets were delivered in the same way. It is estimated that 1921 truck shipments will be more than 3,000,000 head of cattle, hogs, and sheep. Of course all that means loss to the railroads, which, in turn, are helpless because of their inability to reduce freight rates in the face of exorbitant labor costs. Unless the roads are soon put on their feet by readjustment of wages commensurate with deflation that has taken place in other lines of industry, transportation by rail will have received a permanent setback through the development of auto truck lines.

Boston Transcript—All that the ordinary citizen is interested in during the controversy between the Shipping Board and the United States Mail Steamship Company is whether or not it is going to drive the American flag off the high seas.

Knoxville Engineer Gains
Fourteen Pounds Taking
And Health Is Restored.

"Yes, sir, its great to be eating fine and sleeping sound like I used to years ago" was the statement made by Wm. Fertig, 121 Bausman St., Knoxville, Penna., in telling of the benefits he has derived from Tanlac. Mr. Fertig has been engineer on the Mt. Olive Incline for the past twenty years.

"For nine years," he continued, "I have had such an awful case of stomach trouble that I couldn't enjoy a good meal. In fact I had reached the point where I went without eating nearly half the time rather than suffer the pains that always followed.

Gas formed on my stomach some-terrible rate. Many a night I was in such misery that I had to get out of bed and pace the floor until I could get ease enough to get a little rest. I was subject to awful dizzy spells, fell off considerably in weight and was simply all run down.

"But I'm a different man from that now and Tanlac is what has put me back in such fine shape. I am eating three good, square meals a day now for the first time in years and I am never bothered with indigestion in any form. Those dizzy spells are a thing of the past and I sleep like a top every night. I have picked up fourteen pounds in weight and call myself in as good health as anybody. Tanlac has done fine work for me and there's no denying it, its a great medicine."

From the makers of U.S. Royal Cords to the users of Fabric Tires

"Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now."

THE U.S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

In all of modern merchandising the biggest conundrum is the fabric tire situation.

Around 70% of all car owners use fabric tires.

Their instinct for quality is as strong and insistent as any one else's.

Why, then, are they offered such hodge-podge stocks of "discount tires," "odd lots," "seconds," "retreads" and other so-called bargains of uncertain origin?

People have gotten very close to the U. S. policy. Felt it. Benefited by it. And passed the word along.

It's a policy settled to one standard for all U. S. Tires. Whether fabrics or cords. Small sizes or large.

Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now.

All the original U. S. vitality and service comes through when you buy a U. S. Fabric Tire.

"Usco," "Chain," "Nobby." Three different treads.

Built by the same brains, the same policy, the same quality ideals that have made U. S. Royal Cords the standard measure of tire worth.

Sooner or later the public always seeks out quality. As a matter of self-protection—if for no other reason. The out-and-out opinion in favor of U. S. Fabric Tires has spread more this year than it ever did.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Clearfield people.

Mrs. Mary C. Passmore, 419 W. Front St., Clearfield, says: "I have suffered off and on for a good many years with Kidney trouble. When one of these attacks has come on my back has been lame and sore and I have had dull bearing-down pains across my kidneys. My kidneys have acted too frequently and I have had nervous spells. I have used Doan's Kidney Pills at these times. They have always eased the pains through my back and head, regulated my kidneys and removed the nervous and dizzy spells."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same kind Mrs. Passmore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WOMEN IN HOMES
AND SOCIETY

Countless women devote their whole lives to their homes, while others are in the business world, or find happiness only in society. Whether you are a home woman, a business woman, or a society woman, you know how hard it is to "drag around" day after day, suffering agonies, caused by some female derangement that has developed

from overtaxing your strength. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for nearly half a century has been considered a standard remedy for woman's ills.

Our Toothpastes Make Better Teeth

The paste that removes that little film from your teeth and keeps your mouth sweet and clean is the one that we'll recommend to you. There is one in particular that we'll tell you about. May we?

AUGHINBAUGH'S

Post-Mortem Jokes.

Quite an interesting article, we fancy, could be written on "The Humor in Wit." For example, take this message from the will of Lord Penelope: "I bequeath nothing to Lord Jay, because I know he will bestow it upon the poor." Or this: A Lancashire gentleman bequeathed an ounce of modesty to the editor of the London Journal, explaining the small quantity by saying that he was "convinced that an ounce would be found more than he would ever make use of."—Boston Transcript.

THE RING FOR THE OCCASION

There's a certain ring needed for a certain occasion and that ring should be the best the market affords.

What I want you to know is that I have a wide variety of these rings and that there is a ring here that you and she will like. There are plain ones and the fancy new decorated ones. Engraving free.

Manager Geo. I. Thurston of the Workman's Mercantile Company is a real red-hot baseball fan and in order to assist in the maintenance of the team the coming three weeks has kindly consented to put on a benefit sale at the Workman stores.

This sale will be held next Saturday and the ball club management will receive five per cent. of the total sales for the day.

Take advantage of this opportunity to boost baseball.

Getz, second baseman; Spiers, short stop; Callahan, left fielder, and Crossin, catcher, of the lately defunct Elcos, has joined the Clearfield team and will complete the season here. Anderson, Kane and Yerkes have left the team. Zerfluh at short, who intended to quit on the 15th, has also decided to remain here until the season closes.

The Philipsburg team, assisted by several members of the Elcos, suc-

Give The Kiddies More Milk

They'll thrive on it more than they will on anything else that they can have. Nature prescribes milk as the first food a kiddie has and isn't it logical that that food will make the kiddie thrive as he advances in years?

We're taking extra pains that the milk that goes out to your kiddie is as pure as careful pasteurization can make it. Clean cans, clean bottles, careful handling—these all go to make your kiddies' milk the best that can be given.

HAND WROUGHT TOOLS
AND CUTLERY

Out in Watertown, Wisconsin, there is a little shop wherein real artistry is employed to make hand wrought tools and cutlery. Every man employed is an artist in the special line of his work. From this little shop there comes a very fine line of cutlery and tools that are made from the finest steel obtainable and the cutting tools are all hand forged. To be sure, they're not all the finest looking tools but when it comes to serviceability, we're frank in saying that there isn't a line of tools that we offer for sale that can approach VILLAGE BLACK-

tools.

The line is wide for its kind and you'll find something here that will meet your needs.
